# High-Volume Customer Service over Social Media

Efficiently engage with not some, but all of your social customers

## TwitSpark is the next step in social customer engagement!

High volume engagement isn't for the faint of heart, and most couldn't do it. Until now.

### 1 High volume capabilities

Respond to literally thousands of messages and tweets in record time.

### 2 Crisis management

Setup alerts and proactively prepare for Social Media Blunders.

### 3 Automated workflow

Prioritize and filter important messages, and automatically route them to the correct agent
